REGULATORY STATEMENT

Product Name: Bindzil CC 401
Version: 2
Replaces version:1

Certificate issue date: 2009-11-11
Certificate revision date: 2009-12-14
Validity: 3 years from the date of revision

Eka Chemicals hereby certifies that Bindzil CC 401 (hereafter the "PRODUCT") is a silane modified colloidal silica that can be used as a binder, coating and surface treatment. The product is not classified as dangerous for health or as dangerous to the environment according to the EU Directives 67/548/ECC and 99/45/EC. For more information regarding health and environmental effects, please refer to the Safety Data Sheet. The chemical constituents of the PRODUCT are listed in one or more Government Inventory Lists. These are identified in Annex I hetero.

General Conditions

The present certificate does not warrant against modifications of the PRODUCT resulting from processing or from the addition of other products, nor against any inadequate use and/or storage of the PRODUCT or the materials and articles containing it. The present certificate also does not warrant against modifications that are made in applicable legislation since the date of issuance of this certificate.

The information provided in this certificate is to our best knowledge, accurate and reliable; however no warranty, guarantee or representation is made as to its accuracy, reliability or completeness. It is the user's responsibility to satisfy him as to the suitability for its own purpose.
