

HYBRID MEETING TERMS

AkzoNobel may accommodate its Shareholders to participate in its General Meetings virtually through electronic means without the need to physically attend the respective General Meeting. The possibility to virtually attend the General Meeting will be provided as an alternative to attend the General Meeting in person. Participating virtually in a General Meeting is subject to these Hybrid Meeting Terms.

Capitalised terms have the meaning as set out in the Annex to these Hybrid Meeting Terms.

1 INTRODUCTION

- 1.1** These Hybrid Meeting Terms are applicable in the event of a Hybrid General Meeting and to Shareholders who wish to virtually attend and vote in the Hybrid General Meeting via the Online Platform, unless the context requires otherwise.
- 1.2** Shareholders will be provided with the opportunity to remotely follow (watch and/or listen) the Hybrid General Meeting and vote electronically during the Hybrid General Meeting. The Hybrid General Meeting shall be treated as having commenced upon the opening of the General Meeting by the Chair.
- 1.3** Shareholders may attend the Hybrid General Meeting via the Online Platform. The Online Platform will be provided by the Online Platform Providers. Shareholders must identify themselves electronically through a secured access on the Online Platform to enter the virtual part of the Hybrid General Meeting. In addition to the provisions laid down in these Hybrid Meeting Terms, the Terms and Conditions of the Online Platform Providers also apply to the attendance and voting at the Hybrid General Meeting via the Online Platform.
- 1.4** Further instructions on the participation in the Hybrid General Meeting will be included in the convocation.
- 1.5** The convocation of a General Meeting will provide whether or not such General Meeting will be held in the form of a Hybrid General Meeting. The convocation of a General Meeting may also provide that the General Meeting will be held in the form of a Hybrid General Meeting if so decided and announced by the Board of Management after the date of convocation of the General Meeting.
- 1.6** After convocation of the Hybrid General Meeting, the Board of Management may, at its own discretion, change the meeting to a physical-only meeting, change the order of the meeting and change or restrict the electronic facilities for the meeting or adjourn the time at which the meeting is to be held. Such changes will be communicated to the Shareholders on AkzoNobel's website (www.akzonobel.com/en/about-us/governance/shareholder-meetings-).

2 TECHNOLOGY

- 2.1** Shareholders should, in advance of the meeting, test their connection and ensure that they have access to the Online Platform. AkzoNobel will ensure the implementation of the technical infrastructure for the Online Platform in a timely

fashion in order to allow Shareholders to test the foregoing. AkzoNobel will take all reasonable efforts to make sure that a technical support line is available for Shareholders during the Hybrid General Meeting and for pre-meeting testing access.

- 2.2** There are certain risks for Shareholders who attend the Hybrid General Meeting via the Online Platform. These risks include, among other things, any failure or deficiency in virtual meeting equipment, software, network infrastructure, servers, internet or telephone connectivity, video or voice equipment, whether or not caused by an information security incident (which includes any unauthorised use, hacking, a denial of service attack, a denial of access, any failure or intrusion resulting from the theft or unlawful interception of a password or network access code and any other cyber-attack) or caused by any type of mechanical failure such as any electrical power outage during the Hybrid General Meeting. If a Shareholder wishes to avoid such risks, he or she should attend the Hybrid General Meeting in person (if a physical meeting is being held) or by providing a proxy or voting instructions prior to the meeting. If any of these risks prevent a Shareholder from following the meeting or voting electronically during (any part of) the Hybrid General Meeting, then this will be for the risk and account of such Shareholder. The inability of one or more Shareholders to follow the Hybrid General Meeting or vote electronically during (any part of) the Hybrid General Meeting does not affect the validity of the Hybrid General Meeting or any business conducted at such meeting.
- 2.3** If it appears to the Chair that the Online Platform of the Hybrid General Meeting does no longer allow Shareholders to follow the meeting or vote electronically during (any part of) the Hybrid General Meeting, then the Chairman may, at its own discretion, suspend or cancel the meeting, change the order of the meeting or proceed with the meeting without the possibility for some or all of the Shareholders who attend the Hybrid General Meeting via the Online Platform to follow the meeting and/or vote electronically during (any part of) the Hybrid General Meeting. The Chair shall communicate this decision to the Shareholders who attend the Hybrid General Meeting in person and to the extent reasonable possible to the Shareholders who attend the Hybrid General Meeting via the Online Platform.
- 2.4** If the Chair suspends or cancels the Hybrid General Meeting, all business conducted up to the point of the suspension or cancellation will be valid. A suspended Hybrid General Meeting may be continued as a physical General Meeting only or as a Hybrid General Meeting, in such manner as determined by the Chair and irrespective of the form in which the Hybrid General Meeting initially commenced.

3 SHAREHOLDERS' RIGHTS

- 3.1** Each Shareholder may, in addition to the possibility to attend the Hybrid General Meeting in person, attend the Hybrid General Meeting via the Online Platform. Such Shareholders will be able to follow the meeting and vote electronically, provided that they timely registered for participation in the Hybrid General Meeting via the Online Platform and timely logged-in on the Online Platform in accordance with the instructions included in the convocation of the Hybrid General Meeting.

- 3.2** Shareholders who attend the Hybrid General Meeting via the Online Platform may have the opportunity to electronically submit questions during the Hybrid General Meeting, provided they have timely registered in accordance with article 3.1 and have otherwise followed the instructions for the submission of questions.
- 3.3** A Shareholder's access to the Online Platform will be cancelled if a Shareholder registered himself or herself to attend the Hybrid General Meeting via the Online Platform, but he or she, or his or her proxy attends the Hybrid General Meeting in person.
- 3.4** Shareholders who are timely logged-in via the Online Platform prior to the start of the Hybrid General Meeting (i) shall be deemed to attend the Hybrid General Meeting in person, (ii) shall be counted in for calculating how many Shareholders are present or represented at the Hybrid General Meeting and which percentage of the issued and outstanding Share capital of AkzoNobel is present or represented at the Hybrid General Meeting, (iii) shall be able to follow the meeting and (iv) shall be entitled to vote electronically at such Hybrid General Meeting. Shareholders who are not timely logged-in via the Online Platform prior to the start of the Hybrid General Meeting will not be counted as if they were attending the Hybrid General Meeting in person and will only be able to follow the meeting. The names of Shareholders who attend the Hybrid General Meeting via the Online Platform will be included in the registration list of Shareholders attending the Hybrid General Meeting in person or by proxy.
- 3.5** Any log-off by a Shareholder before the end of the Hybrid General Meeting will not affect the calculation of the quantum of Shareholders present or represented at the Hybrid General Meeting. In case of any early log-off by a Shareholder from the Online Platform, the session of the Shareholder will expire. In such events the Shareholder will be allowed to log in again and to re-join the Hybrid General Meeting via the Online Platform. To the extent such Shareholder was timely logged in via the Online Platform prior to the start of the Hybrid General Meeting, such Shareholder will be able to continue to follow the meeting and exercise its voting rights electronically during the remaining part of the Hybrid General Meeting. In all other circumstances such Shareholders will only be able to follow the meeting.
- 3.6** Without prejudice to article 3.4, Shareholders will be able to cast their vote electronically between the moment the Chair opens the polls on a voting agenda item after the deliberations on that item have taken place and the moment that the Chair closes the polls during the Hybrid General Meeting. The Chair may also at the beginning of each Hybrid General Meeting at its sole discretion decide that the polls for one or more voting agenda items will be open between the commencement of the Hybrid General Meeting and the closure of voting as announced by the Chair during the Hybrid General Meeting. The polls will not be open prior to the start of the Hybrid General Meeting.
- 3.7** Split voting by Shareholders on a shareholding that is held in one security account is not yet supported by the Online Platform and is therefore not possible.
- 3.8** The finding by the Chair after the closing of the poll or polls on the outcome of a vote by the General Meeting is decisive. The Chair may inform the Shareholders of

the results of such voting item(s) after the closing of that poll or polls or at the close of the Hybrid General Meeting.

- 3.9** Each Shareholder may request AkzoNobel to send him or her a confirmation of receipt of his or her votes cast through the Online Platform during the Hybrid General Meeting.

4 AMENDMENTS TO THE TERMS AND CONDITIONS FOR HYBRID GENERAL MEETINGS

The Board of Management is authorised to adopt, revoke and amend these Hybrid Meeting Terms at any time which will become effective immediately upon posting on AkzoNobel's website (<https://www.akzonobel.com/en/about-us/governance-/shareholder-meetings->), unless decided otherwise.

ANNEX DEFINITIONS
