Acquisition of BASF Industrial Coatings will strengthen market leading positions

AkzoNobel

- Agreed offer to acquire BASF's Industrial Coatings business for €475 million
- Business generated revenue of about €300 million in 2015
- Will strengthen our position in the Coil Coatings market
- Supplies products for a number of end uses, including coil, furniture foil and panel coatings, wind energy, general industry and commercial transport
- Fits well with our existing business
- Expected to be completed before end 2016

Profitability continues to improve, despite adverse currency and price/mix effects

Q3 profitability improved overall and for all Business Areas

- ↗ Volume growth in Decorative Paints and Specialty Chemicals
- ↗ Revenue down, due to adverse currency and price/mix effects
- ↗ EBIT and operating income higher
- ↗ ROS* and ROI* improved
- ↗ Net income attributable to shareholders was €285 million
- ↗ Net cash inflow from operating activities up at €600 million
- ↗ Interim dividend up 6 percent to €0.37 per share

Outlook

- ↗ Outlook unchanged. The market environment remains uncertain with challenging conditions in several countries and segments. Deflationary pressures and currency headwinds are expected to continue.

We maintain our financial guidance 2016-2018

*ROS% = EBIT/revenue. Moving average ROI (in %) = 12 months EBIT/12 months average invested capital
